The "Prince of Wales" Pipe, plain and "Dugout" types, is moderately priced from \$4.00

We welcome comparison of our prices with goods of equal quality

THE "Prince of Wales" Pipe is a stride forward in pipe construction. It comes in two styles—the plain and the new "Dugout." In the latter all the soft parts of the briar bowl have been removed. This makes the pipe as light as a feather. Both varieties are equipped with an aluminum inner tube and the specially large bowl ensures a cool and even smoke.

## MEETING OF UNDERGRADS NEGLECTED

New Method of Choosing Rugby Representatives Approved.

INTEREST SHOWN.

Many Important and Interesting Matters up for Discussion.

The meeting of the Students' Society held yesterday afternoon in the ballroom of the Union was an entire success from the point of interest displayed by the undergraduates present. Unfortunately what the meeting possessed in enthusiasm it lacked entirely in numbers present. —A state of quality but no quantity. Although it was the occasion of one of the two most important meetings of the year—the semi-annual meeting of all undergraduates—barely one hundred and fifty men were present. And some of them arrived late and left early. Indeed it is to be deeply regretted that McGill students have such little concern for matters so personally concerning themselves and have no apparent interest in the manner the various activities are being carried on by the men placed in charge of them. This slothful indifference is discouraging to the executives and offer no promise to new men most capable of assuming office. If the students' Society cannot obtain more attention from the members, it faces the danger of losing its functions through inactivity; and the undergraduates will be greatly poorer indeed by forfeiting their right to free discussion of University affairs. The inattention of the majority is throwing an unfair amount of responsibility on a small group of earnest workers.

The meeting was opened by the President Jack Copeland, who occupied the chair in his usual able manner. The secretary J. Lalanne, read the minutes of the previous meeting, which were approved and passed as read. The question of a University Book Room was broached by the President. Considerable discussion on this subject took place last year, culminating in a careful consideration of the matter by the Students' Society. It appears that the University is not in a position to undertake such an enterprise this year. In this regard, the secretary read a letter from the University Registrar Dr. Nicholson, stating that space could not be spared at present and putting forward the suggestions that the students as a body might be less hampered by criticism in carrying out such a plan than McGill as a University would be and that the scheme might not effect the reduction in prices anticipated.

The long expected song book is finally on the market and awaiting student purchasers. Jack Copeland announced. Out of an edition of three thousand copies between eight and nine hundred have been ordered by graduates. The other two thousands odd are to be offered to the students immediately, and, it is expected, will meet with the reception such a publication merits. For their earnest efforts, it was felt that the song-book committee under the chairmanship of H. Wyatt Johnson should be thanked heartily.

J. Lalanne presented the financial statement of the Students' Society itself. Due to the printing of the statements of all other clubs in the "Daily", and the time it would take to read these, it was deemed (Continued on Page 2)

## McGILL TENNIS STARS FEATURE

Crocker Doing Well in Indoor Meet.

In the Eastern Canada Covered Court Tennis Championship play, which has been attracting the attention of many devotees of the sport, during this week, several sons of McGill featured prominently.

Yesterday, Douglas and Ramsay, the mainstays of the Red and White tennis team, which succeeded in gaining the Intercollegiate crown last week, defeated Nicholson and Forsyth of M.A.A.A., in the doubles match after a stiff contest, which went to three sets, score 6-1, 1-6, 6-4, while W. Crocker and Bernard, of last year's championship squad, found very little difficulty in disposing of A. E. and G. W. Grier in straight sets 6-1, 6-2.

Miller and Harren, recent additions to the McGill tennis team, forced Beaupre and Robert, doubles team of Outremont, all the way to the limit to win by the close score of 6-2, 3-6, 7-5.

In the singles W. Crocker looms up as a very likely prospect for the championship. He will, however, be forced to show his best in order to overcome such stars as J. A. Veysey, E. H. Laframboise, the Quebec champion, and J. W. Brown.

TRYING TO PUT VACCINATION IN COLLEGE CURRICULUM

Students in many of the larger universities and colleges throughout the country are being urged by school authorities to take advantage of the opportunities for small pox vaccination and typhoid inoculation. In some schools regular schedules are made out in which the time is specified for the treatment of women and men. Doctors in many schools are urging strongly that these schedules be carried out. Sororities, fraternities and boarding houses are being especially urged to carry out this program both as a benefit for themselves and for the general benefit of the school. Trained nurses are hired by the school to take care of the students who have received the treatment. The popularity of this system is constantly increasing.

## TRACK TEAM CONFIDENT OF VICTORY

Leave for Kingston This Morning.

NEW MEN EXCELL.

Slight Favorites to Win Over Varsity Squad.

With full confidence of upholding McGills traditional supremacy on the cinder path, our track and field athletes leave this morning for Kingston where they will compete tomorrow in the intercollegiate Track and Field Championships against the track teams of Varsity Queens and R. M. C.

The competition this year promises to be keener than it has been in some years, and consequently the picking of the victor beforehand, is accompanied by considerable difficulty.

Our squad has been greatly weakened by the graduation of Captain "Jack" Farthing who is now at Oxford as a Rhodes Scholar and will likely represent the dark blue in track competition this year; and "Bill" Antliff the pole vaulter and distance runner. Farthing was the winner in the hurdles event, establishing a new record and Antliff was victorious in the Pole vault. The loss of these ten points will of course, handicap the red and white, but some of the newcomers bid fair to step right into the spaces left vacant by the graduation the above named veterans.

On showings made up until the present however, the McGill squad is favored to win by a narrow margin over Varsity. In the sprint medley on Friday and the mile relay on Saturday our team decisively overcame the Toronto Athletes, and in the University sports there were several pleasing performances by some of the younger men.

In the sprints Johnson, who last year was intercollegiate champion at the 100, 220, 440 and who on Saturday furnished the Old Boys with a thrill by his amazing burst of speed is running in the best form of his career and should again come home a triple victor. He is the fastest man seen on the McGill Stadium in over a decade and it will not surprise many of his followers, if he lowers the marks made in both sprints by F. Halban of Toronto back in 1909. Not far behind him is Cecil Hay who for the past two years has been a consistent point winner in the shorter distances. Lane, a newcomer who has shown steady improvement may also come in for a point or two.

In the halfmile we have a well balanced squad including Hamilton, Legg and Gammell. Hamilton a veteran of many seasons of track athletics should profit by his experience and come in for a place in his favorite event. Legg, last years freshman has been improving so rapidly that this team's mate will be forced to the limit to defeat him. The 3rd man is Gammell, a freshman, who performed so well at Montreal High School, where he established a record in the mile which still stands. On the mile the same men will compete, though it is probable that Wiggins may be entered in place of Gammell.

The burden in the 3 mile event falls upon Simpson and Wiggins, two youngsters. Creelman who was injured early in the season, never recovered fully enough to do himself justice at his event.

Consiglio and Kennedy should place ed unnecessary to read them at the meet. (Continued on Page 3.)

## ECONOMISTS ARE MEETING TONIGHT

Political Economy Club Gathers at 8.15 P.M.

The economists, past, present and future, of McGill, will to-night have their first opportunity of the season to get together over a real live discussion. T. O. Peterson, Arts '22, will be the chief speaker of the evening, delivering a paper upon, "The Economics of the stock Exchange." As the speaker has had considerable experience in this branch of work and his material should consequently be of appreciable practical value.

Dr. Hemmeon, Dr. Viner and Pryce-Sandwell have promised to be present, and under their guidance everyone present may be assured of a chance to join in the arguments, which are certain to ensue. The great endeavour of the club, is to promote discussion; it is up to students in economics to turn in members which will be conducive to such, and when they are present to be ready to join the discussion at the first chance.

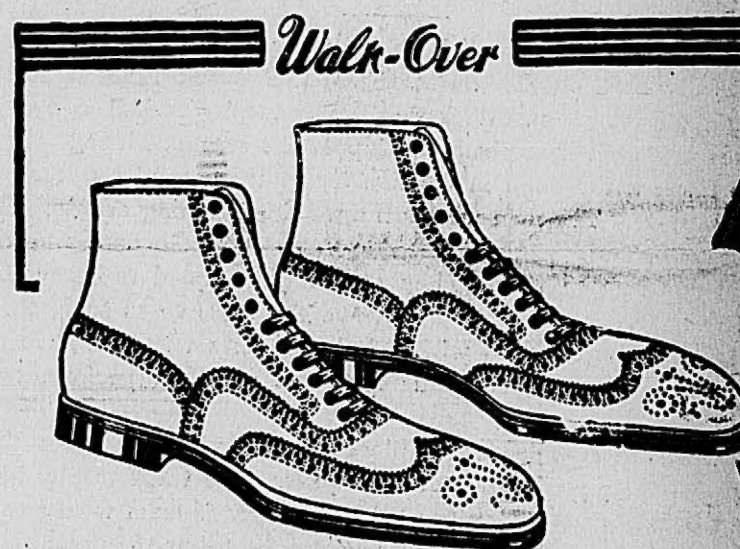

Would you like to pay for your Song-Book now and get a copy of it, or wait until you are called upon to make up a deficit?

## BRING ON THE WREATHS-

It is about time to make ready the wreaths for the funeral of that entity in the university called "college spirit." Yesterday afternoon a small handful of students turned out for the most important student meeting of the college session. The large hall in the top of the Union had scattered about it but a few students to hear the annual reports of the Students' Society, and to discuss the most important matters in student life.

When the attitude of the average student becomes one of indifference concerning his own affairs it is high time that we give up any attempt to run organized activities and allow each man to form his own associations outside of the college.

The members of the Students' Council were disgusted with the attendance of the students at the meeting. These men who carry the executive work of the students' clubs are not being paid for their work, and the least the members of their organizations can do is show ordinary courtesy to them by a display of interest in the results they have achieved.

Those who think that they need not concern themselves with activities about the college, because they will be looked after by a few student leaders, are mistaken. As soon as the student body as a whole demonstrates that it has lost interest in the work chosen executive, then that executive will itself lose interest. The exhibition of poor spirit given yesterday was deplorable. Every man should make it his personal concern to see that comment on a similar occasion should never be necessary again.

## THEY'RE OFF!

Determined to accomplish on the track what the Tennis team has already done on the courts, the McGill Track Team left this morning for Kingston. With the Tennis trophy tucked away for the first intercollegiate championship of the season, McGill is going to make a thorough man's size try at the second one that is in prospect. The men who entrained this morning are the first performers of the season to enter intercollegiate combat outside our own campus. They are the first squad to carry the Red and White to other fields, and the more so as such, they have the heartiest of good wishes from the ones who will have to cheer in eager expectation for news of their performance.

Our entire confidence is placed in them to maintain the success of their predecessors of last year. The track trophy has been in McGills' cupboards since 1914. Last year's team went away determined to keep it here—it was a hard fight, but they won out. This year's team has left with the same determination—they, too, have got the fight in them, the relay team has shown it on two occasions already—may they likewise win out! The cup has got to stay with Old McGill.

## MEETING OF UNDERGRADS NEGLECTED.

(Continued from Page 1.)

However to clear up any misunderstanding regarding the Stadium receipts J. Lalanne explained this item in full detail, showing how the cost of the Stadium had been guaranteed by a body of Graduates who had finally placed it under the control of the Department of Physical Education, which was entirely responsible for the division of the Stadium receipts.

Though for convenience Mr. Lalanne has had charge of the sale of tickets. The financial statements of the remaining clubs will be published in the "Daily" shortly, the delay being due to the busy activities. After considerable discussion as to whether or not the financial statement should be passed, these subsidiary statements were published, the statement was passed by a large majority, Don Foss seconded the necessary motion and Mr. Long seconded it.

The meeting was thrown open to new business. R. McLagan, president of the Rugby Club briefly reviewed the present position of choosing faculty representatives for major sports particularly rugby, and moved that article four Section 1 of the constitution of the Rugby Football Club be amended to require the election of these representatives by their respective faculties only. Previously they have been chosen at a meeting of the Students' Society, which has led to unfortunate confusion, R. L. Hamilton seconded the motion which was passed unanimously.

By this time, it was six o'clock, and the attendance was shrinking visibly. Tidmarsh stated the regrettable fact that many undergraduates are in entire ignorance of the constitution of the Students' Society and affiliated bodies, and moved that a copy of the constitution be given each undergraduate when he registers at the Bursars office, and that the practice be continued of giving any student a copy of this booklet upon application to the secretary.

It was suggested that the students pay for these, than an abridged edition be printed, that the constitution be put in the University Calendar that it be included in a handbook given to the stu-

dents as at a sister university, and that it be included in Strathcona Hall Freshman Bible, where it already is. Mr. Tidmarsh finally moved the affair be referred to the Council, and Mr. McLagan seconded this.

A motion was read by Frank Toole and seconded by C. H. Fraser, suggesting that an association of student musical organizations at McGill be undertaken that a committee be appointed to enquire into this and that the Council should receive this committee's report, and act upon its suggestions. This motion was carried unanimously following short discussion.

It seems that a piano had gone astray in the Union. For a little time, it wasn't very clear whether it was requested to move the piano downstairs up or the piano upstairs down, but finally the question was settled by the statement that the piano on the ground floor was to be moved to the next floor up shortly.

After an explanation of the collections at the English Rugby games on the Old Campus, and the serious consideration of whether or not the road through the grounds was a public thoroughfare, the meeting adjourned at six-twenty o'clock.

## WRESTLING CLUB MEN OUT MONDAY

First Practice to be Held in Union.

Unfortunately the organization meeting of the Wrestling club scheduled to take place in the McGill-Union yesterday had to be postponed on account of lack of room. The practice set for 2 p.m. Saturday will also be cancelled, on account of the Queen's McGill rugby game. Those who know how to wrestle and those anxious to learn are requested to turn out at Ball room of the Union on Monday next. New men at 5 P. M., old hands at 6 P. M.

Please bring gym shoes; wrestling tights, or trunks and jersey. If unable to turn out for work, come and get registered on Monday.

## CORRESPONDENCE

The Daily is not responsible for the sentiments of letters published in the correspondence columns. Signed communication from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE SIDE of the paper ONLY.

No communication will be admitted in this column without the name of the writer being attached, not necessarily for PUBLICATION.

The Editor,

McGill Daily:

Dear Sir,—May I use some of your valuable column space in an endeavor to express our appreciation of the good work done by McGill's Tennis team, in connection with the Intercollegiate Tennis Tournament.

Their good tennis and thorough sportsmanlike spirit made the tournament doubly enjoyable, and their kind efforts to entertain us after it was all over were most successful. We did enjoy our visit thoroughly, and it gives me great pleasure, on behalf of Queen's Tennis team, to offer our heartiest thanks to our sporting opponents, and once again congratulate them on their richly deserved victory.

I am,  
Very sincerely yours,  
A. G. MacLACHLAN,  
For Queen's Tennis Team.  
Oct. 17, 1921.

To the Editor,  
McGill Daily,  
McGill University,  
Montreal, Canada.

Dear Sir,—As a graduate who was back for the re-union and who was tremendously impressed by it, I want to speak of one simple incident. Thousands must have been touched by the fine courtesy of the Toronto men at the game on Saturday in sending up the McGill colors, as they did. To my mind it is these little acts of intercollegiate courtesy that mean a vast deal. Unless college men can break over narrow lines and be real gentlemen in all their relationships, what hope have we?

The re-union was a great success, and I for one am more thankful than ever to be numbered among the sons of "Old McGill!"

Very truly yours,  
GEORGE IRVING.

## R.V.C. UNDERGRADS APPOINT COMMITTEE

A meeting of the R. V. C. Undergraduate Society was held on Wednesday, Oct. 19th at 1 p.m., in the Common Room.

A letter was read from Mrs. Fry, President of the Alumnae, thanking the Society for the tea given them during the Re-Union.

After a short discussion, it was decided that the Society should give a series of teas during the session—four in number, or more if necessary. The following tea committee was appointed:

4th year—Miss McGowan.  
3rd year—Miss Feid.  
2nd year—Miss Murray.  
1st year—Miss Cameron.

The first tea is to be given on Sports Day, October 29th, for which the tickets, including both sports and tea, are to be seventy-five cents.

A committee was appointed to meet with the men for all social functions, including the Conversat to be held soon.

4th year—Miss Banfill.  
3rd year—Miss Kerr.  
2nd year—Miss Pennington.  
1st year—Miss Oliver.

It was decided that the Undergraduate Society should control the R. V. C., Rooting, and that at the next match the R. V. C. should root both by themselves and with the men.

## HARD AT IT IN FACULTY RUGBY WORK

Arts, Law, Science and Meds. Work To-day.

The Arts-Law Rugby team held a very successful practice yesterday afternoon. Captain Pierce put the thirty candidates who turned out through an hour of strenuous scrimmage work which told on the condition of some of the men. Though somewhat weak on the line the squad have a good punter and line plunger in Pierce. Elliot also showed up well in the middle wing position and should give a good account of himself in the league matches.

The squad lacked a bit of the snap and finish of a trained team, but it is expected that they will prove a formidable opponent for the other aspirants of the inter-faculty championship. The following is a list of the squad which is likely to oppose Commerce on Friday.

Elliot, Harris, R. Smith, Armstrong, Lidstone, Hampson, Chauvin, McDiarmid, Chane, Blundell, Stone, Gardner, L. Anderson, D. Anderson Hall, Pierce, Ogilvie, and Cousins.

These men and all other rugby players of Arts and Law are asked to turn out on the Campus this afternoon at 4 o'clock. This will be the final practice before the big game and the team will be definitely chosen then. So all out at four o'clock.

Science also held a successful practice yesterday afternoon. About twenty-five men took the field and received a good hour's scrimmage drill. Science will make a strong bid for the honours in the inter-faculty rugby league. Though their plays need more practice and their signals more study, they have a formidable line.

Williamson was selected as captain of the team yesterday. He was with the squad last year and plays on the half-line.

There will be a light workout this afternoon at 4.30. All the squad is wanted. The team lining up against Medicine will be chosen then. Every player out in uniform—on time.

The Meds' team held a short practice yesterday afternoon also. But owing probably to an important lecture being given at that hour there was not a very large turnout. Grassick, who captains the team showed himself to have the makings of a brilliant half-back. All the players are requested to turn out on the Campus this afternoon at four o'clock, when the team, to battle against Science on Friday will be picked.

## BAND TO PRACTICE THIS AFTERNOON

Full Attendance Desired Before Queen's Game.

There will be an important practice of the Rooters Band in the Band room at the Union at 5.10 this afternoon. It is particularly urgent that there be a full attendance at this meeting in view of the fact that today's practice and that of tomorrow will constitute the last prior to the Queens game on Saturday for which it is desirable to have a well organized cheering section and rooters band. The tri-color institution will in all likelihood send down a strong band of rooters and we should certainly be prepared to make a favorable showing.

All members are requested to turn out as well as any other students who can play an instrument. Bass, Alto and Baritone players are particularly needed to round out the Band.

All out at 5.10 today and tomorrow and do your share to enable Old McGill to boast of a first rate band for the game on Saturday.

SUCCESSFUL young men know the value of appearance and the appearance of value.

They wear Fit-Reform Clothes because they get appearance and value at prices adjusted to present day conditions.

## MECHANICAL CLUB TO MEET TO-NIGHT

The executive of the Mechanical Club wishes to extend to all those students interested in mechanical or industrial work an invitation to enroll as members of the Club. The membership is by no means restricted to students in Mechanical Engineering, but is open to anyone who is interested in things mechanical. Science Freshmen, in particular, are urged to join.

The Club plans this year to make Saturday afternoon inspections of some of the various industrial plants and factories in and around Montreal, as well as to hold a series of evening meetings at which papers will be read and discussed by the members themselves.

Furthermore, the executive hopes to secure prominent men to lecture on industrial problems.

Last year, among other places, the Vickers Shipyards, the Dominion Glass Co.'s plant, and the Frontenac Brewery were inspected. The en-

rollment was seventy-two, but it is hoped this number will be well-nigh doubled this year.

All those students, therefore, who intend becoming members, are requested to meet at five o'clock this evening, in Room 33, the Engineering Building, and please make an effort to be on time.

## CLASS OFFICERS ELECTED

Permanent class officers for first year Medicine were elected on Tuesday.

They are as follows:

Pres. H. A. Quackenbush.

## A Novelty In Pipes

The "Prince of Wales" Pipe, plain and "Dugout" types, is moderately priced from \$4.00

We welcome comparison of our prices with goods of equal quality

THE "Prince of Wales" Pipe is a stride forward in pipe construction. It comes in two styles—the plain and the new "Dugout." In the latter all the soft parts of the briar bowl have been removed. This makes the pipe as light as a feather. Both varieties are equipped with an aluminum inner tube and the specially large bowl ensures a cool and even smoke.

## MEETING OF UNDERGRADS NEGLECTED

New Method of Choosing Rugby Representatives Approved.

INTEREST SHOWN.

Many Important and Interesting Matters up for Discussion.

The meeting of the Students' Society held yesterday afternoon in the ballroom of the Union was an entire success from the point of interest displayed by the undergraduates present. Unfortunately what the meeting possessed in enthusiasm it lacked entirely in numbers present. A state of quality but no quantity. Although it was the occasion of one of the two most important meetings of the year—the semi-annual meeting of all undergraduates—barely one hundred and fifty men were present. And some of them arrived late and left early. Indeed it is to be deeply regretted that McGill students have such little concern for matters so personally concerning themselves and have no apparent interest in the manner the various activities are being carried on by the men placed in charge of them. This slothful indifference is discouraging to the executives and offer no promise to new men most capable of assuming office. If the students' Society cannot obtain more attention from the members, it faces the danger of losing its functions through inactivity; and the undergraduates will be greatly poorer indeed by forfeiting their right to free discussion of University affairs. The inattention of the majority is throwing an unfair amount of responsibility on a small group of earnest workers.

The meeting was opened by the President Jack Copeland, who occupied the chair in his usual able manner. The secretary J. Lalanne, read the minutes of the previous meeting, which were approved and passed as read. The question of a University Book Room was broached by the President. Considerable discussion on this subject took place last year, culminating in a careful consideration of the matter by the Students' Society. It appears that the University is not in a position to undertake such an enterprise this year. In this regard, the secretary read a letter from the University Registrar Dr. Nicholson, stating that space could not be spared at present and putting forward the suggestions that the students as a body might be less hampered by criticism in carrying out such a plan than McGill as a University would be and that the scheme might not effect the reduction in prices anticipated.

The long expected song book is finally on the market and awaiting student purchasers. Jack Copeland announced. Out of an edition of three thousand copies between eight and nine hundred have been ordered by graduates. The other two thousands odd are to be offered to the students immediately, and, it is expected, will meet with the reception such a publication merits. For their earnest efforts, it was felt that the song-book committee under the chairmanship of H. Wyatt Johnson should be thanked heartily.

J. Lalanne presented the financial statement of the Students' Society itself. Due to the printing of the statements of all other clubs in the "Daily", and the time it would take to read these, it was deemed (Continued on Page 2.)

## McGILL TENNIS STARS FEATURE

Crocker Doing Well in Indoor Meet.

In the Eastern Canada Covered Court Tennis Championship play, which has been attracting the attention of many devotees of the sport, during this week, several sons of McGill featured prominently.

Yesterday, Douglas and Ramsay, the mainstays of the Red and White tennis team, which succeeded in gaining the Intercollegiate crown last week, defeated Nicholson and Forsyth of M.A.A.A., in the doubles match after a stiff contest, which went to three sets, score 6-1, 1-6, 6-4, while W. Crocker and Bernard, of last year's championship squad, found very little difficulty in disposing of A. E. and G. W. Grier in straight sets 6-1, 6-2.

Miller and Harren, recent additions to the McGill tennis team, forced Beaupre and Robert, doubles team of Outremont, all the way to the limit to win by the close score of 6-2, 3-6, 7-5.

In the singles W. Crocker looms up as a very likely prospect for the championship. He will, however, be forced to show his best in order to overcome such stars as J. A. Veysey, E. H. Laframboise, the Quebec champion, and J. W. Brown.

TRYING TO PUT VACCINATION IN COLLEGE CURRICULUM

Students in many of the larger universities and colleges throughout the country are being urged by school authorities to take advantage of the opportunities for small pox vaccination and typhoid inoculation. In some schools regular schedules are made out in which the time is specified for the treatment of women and men. Doctors in many schools are urging strongly that these schedules be carried out. Sororities, fraternities and boarding houses are being especially urged to carry out this program both as a benefit for themselves and for the general benefit of the school. Trained nurses are hired by the school to take care of the students who have received the treatment. The popularity of this system is constantly increasing.

## NEW NIGHT EDITOR.

The Managing Board of the "Daily" wishes to announce the appointment of L. C. Tombs, Arts '24, to the position of Night Editor. Although young in years, Tombs has proven himself to be old in experience and highly capable and willing to shoulder editorial responsibilities.

He receives this promotion in consequence of the resignation of T. L. Bullock. The latter resignation was regretfully received, but was accepted owing to the inability of the former Night Editor to maintain his position on account of the number of other calls on him.

## TRACK TEAM CONFIDENT OF VICTORY

Leave for Kingston This Morning.

NEW MEN EXCELL.

Slight Favorites to Win Over Varsity Squad.

With full confidence of upholding McGill's traditional supremacy on the cinder path, our track and field athletes leave this morning for Kingston where they will compete tomorrow in the intercollegiate Track and Field Championships against the track teams of Varsity Queens and R. M. C.

The competition this year promises to be keener than it has been in some years, and consequently the picking of the victor beforehand, is accompanied by considerable difficulty.

Our squad has been greatly weakened by the graduation of Captain "Jack" Farthing who is now at Oxford as a Rhodes Scholar and will likely represent the dark blue in track competition this year; and "Bill" Antliff the pole vaulter and distance runner. Farthing was the winner in the hurdles event, establishing a new record and Antliff was victorious in the Pole vault. The loss of these ten points will of course, handicap the red and white, but some of the newcomers bid fair to step right into the spaces left vacant by the graduation the above named veterans.

On showings made up until the present however, the McGill squad is favored to win by a narrow margin over Varsity. In the sprint medley on Friday and the mile relay on Saturday our team decisively overcame the Toronto Athletes, and in the University sports there were several pleasing performances by some of the younger men.

In the sprints Johnson, who last year was intercollegiate champion at the 100, 220, 440 and who on Saturday furnished the Old Boys with a thrill by his amazing burst of speed is running in the best form of his career and should again come home a triple victor. He is the fastest man seen on the McGill Stadium in over a decade and it will not surprise many of his followers, if he lowers the marks made in both sprints by F. Halban of Toronto back in 1909. Not far behind him is Cecil Hay who for the past two years has been a consistent point winner in the shorter distances. Lane, a newcomer who has shown steady improvement may also come in for a point or two.

In the half mile we have a well balanced squad including Hamilton, Legg and Gammell. Hamilton a veteran of many seasons of track athletics should profit by his experience and come in for a place in his favorite event. Legg, last year's freshman has been improving so rapidly that this team's mate will be forced to the limit to defeat him. The 3rd man is Gammell, a freshman, who performed so well at Montreal High School, where he established a record in the mile which still stands. On the mile the same men will compete, though it is probable that Wiggins may be entered in place of Gammell.

The burden in the 3 mile event falls upon Simpson and Wiggins, two youngsters. Creelman who was injured early in the season, never recovered fully enough to do himself justice at his event.

Consiglio and Kennedy should place unnecessary to read them at the meeting (Continued on Page 3.)

## ECONOMISTS ARE MEETING TONIGHT

Political Economy Club Gathers at 8.15 P.M.

The economists, past, present and future, of McGill, will to-night have their first opportunity of the season to get together over a real live discussion. T. O. Peterson, Arts '22, will be the chief speaker of the evening, delivering a paper upon, "The Economics of the stock Exchange". As the speaker has had considerable experience in this branch of work and his material should consequently be of appreciable practical value.

Dr. Hemmeon, Dr. Viner and Pryceson Sandwell have promised to be present, and under their guidance everyone present may be assured of a chance to join in the arguments, which are certain to ensue. The great endeavour of the club, is to promote discussion; it is up to students in economics to turn in members which will be conducive to such, and when they are present to be ready to join the discussion at the first chance.

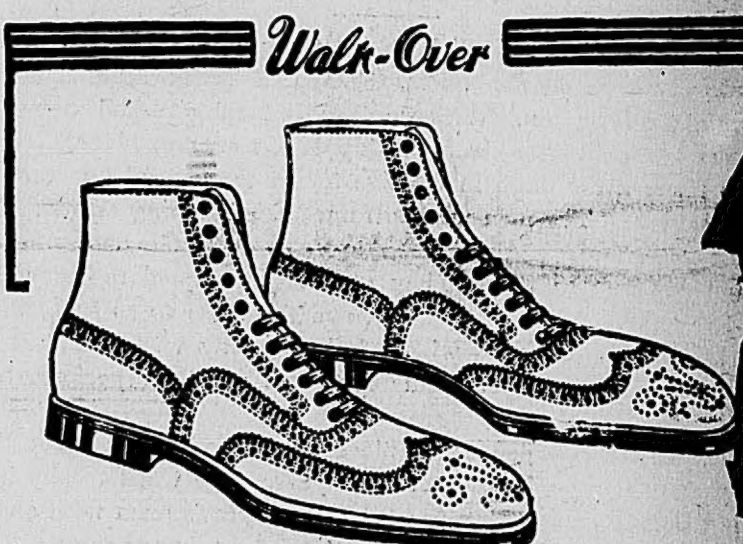

Would you like to pay for your Song-Book now and get a copy of it, or wait until you are called upon to make up a deficit?

# SENIOR TEAM LOOKING GOOD IN WORKOUTS

New Players and Formations  
Help to Speed up  
Team.

WORKING HARD.  
Intermediates and Juniors  
Turn Out at 3.30 This  
Afternoon.

With new fangled plays and a re-  
arranged team the Seniors ran through the  
the seconds at practice yesterday. If any  
one is taking Saturday's campaign as the  
criterion of what to expect from  
McGill for the rest of the season they  
are due for a rude awakening when the  
game gets under way on 22nd. Shag has  
evolved an entirely new set of plays and  
should have the opposition dizzy before  
the first half is over. The new arrange-  
ment of the team gives it more speed  
more aggressiveness and more intelli-  
gence in all its departments with the ex-  
ception of one of the half positions and  
right outside wing. The opposition on the  
back division where deplorable weakness  
was shown, was that one filled by  
Stearns, a recently acquired recruit from  
the Juniors and a player who is sure to  
make his mark in future seasons; he is  
however too inexperienced to be started  
in an Intercollegiate fixture where in-  
stinctive football is a very necessary part  
of a players equipment. At right outside  
wing Robertson though willing and a  
mighty sweet tackler has yet to learn that  
his position on the offense is equally as  
important as it is on the defence. Yester-  
day he did something which is one of  
the deadly sins of football; when follow-  
ing down under a kick which was fumb-  
led instead of falling on the ball or  
dribbling it down the field till he would  
be in a position to pick it up, he slapp-  
ed it into touch thereby giving the ball  
to the opposition when it should have  
been taken by his own team as a result  
of the fumble. Robertson will eventually  
make the team, but he must study his  
position thoroughly and try to secure if  
possible the tuition of an experienced  
instructor such as "Punch" Parkins or  
Joe Gilhooley who are generally at the  
Stadium every day.

The two McCombe brothers are  
playing good football and should  
be seen against Queens — these  
boys have weight and speed and  
these qualities coupled with their  
natural aggressiveness make them  
decidedly good linemen. They were play-  
ed at middle and inside wings in place  
of Notman and Murphy, who was trans-  
ferred to left outside, and if they contin-  
ue to show the same form from now on  
there seems to be no doubt that they  
will fill these places regularly. Notman  
continues to play indifferent football and  
it would not surprise many to see Shag  
keep him on the bench on Saturday.  
Murphy at outside has without doubt  
strengthened the team as he has the nec-  
essary speed for the position, has had  
plenty of experience and is a deadly  
tackler. The team itself moved with  
more snappiness with Baillie shouting  
the signals, and seemed a better all  
around aggregation although Jeff Rus-  
sell and Flanagan were missing from the  
line-up. Carroll was only brought into  
the play spasmodically when there was  
an opportunity to put over a drop and  
each time when called upon he obliged  
in the most satisfactory manner.

There has been more interest shown  
in the coming game with Queens than ever  
before, and present prospects point to  
another bumper crowd when the two  
teams meet in the game which will eli-  
minate one of them from the pennant  
race.

The Juniors and Intercollegiates are  
asked to turn out at the Stadium today  
at 3.30 P.M., if possible. The coach  
wants as many of these men as possible  
out at an early hour.

# MEETING OF THE FRENCH SOCIETY

R. V. C. Produce Play at  
Successful Meeting.

A very successful meeting of the So-  
ciete Francaise was held yesterday, in  
the R. V. C. Mile Touren, in her open-  
ing address spoke in very high terms of  
the influence that Madame Puech had  
left at McGill, the latter in whose honor  
the meeting was held, having been  
the original founder of the Society.

The president, Miss Sharples, present-  
ed Madame Puech with a bouquet, after  
which the latter gave a most interesting  
speech about the various plays and de-  
bates in its first years. She also men-  
tioned that, in future a medal would be  
given for the debates, and thanked the  
girls for this reunion in her honour.

During the programme a tableau "her  
Tournesols" was presented, accompanied  
by melodious strains of music, which  
charmed the audience. After this the  
"Pecce de Resistance" "the Return of  
Ulysses" was put on. The actors threw  
themselves wholeheartedly into the spi-  
rit of their piece and there were many  
bursts of applause.

The cast was as follows:  
Penelope ..... Dorie Sharples  
A. Gracian aLy ..... Ruth Shafford  
Ulysses ..... Rebecca Contant  
A Slave ..... Alice Roy  
Afterwards a delicious tea was served  
and the meeting dispersed, the general  
opinion being that a more delightful  
afternoon had never been spent in the  
R. V. C.

# AQUATIC MEET WITH BROWN IS PROPOSED

Athletic Association Met  
Yesterday.

SHORT SESSION.

Attention of Athletes Called  
to Rules of Association

A meeting of the Athletic Associa-  
tion was held yesterday afternoon in  
the Union.

As the Students' Society meeting  
was called for 5.15 p.m., President  
Hamilton placed before the meeting  
only business requiring immediate at-  
tention, leaving all other business for  
next Tuesday's meeting, which is to  
be open to the student body. Any  
student who is interested in the ad-  
ministration of the Athletic Associa-  
tion may attend the meeting and so  
acquaint himself with its details.

B. de Salaberry, who was suspend-  
ed last year for not having complied  
with the Medical requirements, was  
re-instated.

The Athletic Association showed  
that they were determined to en-  
force its regulations and would deal  
severely with any man who did not  
adhere to them.

There are several men at present  
in the college who are entering into  
outside competition without permis-  
sion from either the Athletic Associa-  
tion or the Department of Physical  
Education. For the guidance of such  
men attention is called to the follow-  
ing rules, which will be strictly en-  
forced.

(1) During the session and includ-  
ing the Christmas Holidays, all teams  
and individual students desiring to  
participate in outside athletics, must  
first apply to the Athletic Associa-  
tion for permission, and the approval  
of the Director of the Department of  
Physical Education must be secured  
before such sanction is granted.

(2) Should any student take part  
in any athletic contest not having  
been sanctioned as above, or who is  
not personally qualified under the  
regulations regarding eligibility, medi-  
cal examinations, etc., such student  
shall be immediately debarred from  
participation in all University ath-  
letics. He shall be reported to the  
Committee on Physical Education,  
which body shall, if it sees fit, re-  
quest the defender to withdraw from  
the University, if the consent of the  
Principal has been given, until the  
Corporation shall meet to deal with  
the matter.

An appropriation was asked for by  
the Indoor Baseball Club, which will  
be placed before the Students' Coun-  
cil.

Roy Foss brought before the meet-  
ing an invitation from Brown Uni-  
versity to compete in an aquatic  
meet. The question of expenses and  
guarantees not being definitely ar-  
ranged, the proposal was held over  
for this information.

The meeting was adjourned in or-  
der to permit attendance at the Stu-  
dents' Society meeting.

# RUGGER SQUAD TO WORK OUT TO-DAY

Last Practice Prior to Game  
in Toronto.

The final work-out of the English  
Rugby squad in preparation for Sat-  
urday's game with 'Varsity will be  
held to-day at 4 p.m., on the old cam-  
pus. The probable line-up for the  
Intercollegiate fixture is as follows:

Full back—Anglin.  
Three-quarters—McDougal, Man-  
son, Bradshaw, Marpole.  
Halves—J. McIntosh, C. A. Mc-  
Intosh, or Day.  
Forwards—McLean, Budden, Wet-  
more, Lochhead, Brown, Rankin, Wil-  
son, Kemp.

In addition to the above probable  
line-up, three reserves will be taken  
to Toronto, and they will be picked  
to-morrow from the following men:

Backs—Beardsley, McKinnin, Sol-  
loway, Reid, Cooper, Peacock, Dun-  
lop and Tucker.

Forwards — Patterson, Cleland,  
Blundel, Branch, Cartwright, Mc-  
Goun, Frites, Mitchell, Shore, Dun-  
cna, Robertson, Smith.

The above men are asked to turn

CHEAPER BY AIR THAN RAIL.

Trip of 6 Passengers to Providence  
in 100 Minutes Costs Only \$53.40

A Foker limousine airplane, piloted  
by Bert Acosta, flew from Mineola,  
L. I., to Providence, R. I., an airway  
distance of 150 miles, in 100 minutes,  
yesterday.

It carried six passengers besides the  
pilot, and the total cost of transport-  
ing them to Providence and back to  
Mineola, including gasoline, oil depre-  
ciation and prorata share of the rent  
of the airfield, was only \$53.40. The  
cost of round-trip railway tickets for  
six would have been \$105.50.

Professor Lyman said that in such  
a large institution as this University  
there are innumerable kinds of peo-  
ple, but even so there is a very small  
amount of originality shown.

"When these students enter the  
business world, however, the contact  
with life makes them think for them-  
selves, otherwise, they would never  
succeed. There is certainly room for  
more independence and originality in  
all of our American universities," said  
Professor Lyman in conclusion.

# ALL FACULTY TEAMS READY FOR CONTEST

Great Enthusiasm on Part of  
Players.

STRONG TEAMS.

President Issues Rules for  
Practices and Games.

During the past years Inter-Faculty  
Rugby has held a rather prominent  
place in the lives of many McGill men.  
However this years' record promises to  
eclipse all previous ones if one can judge  
from the enthusiasm displayed both  
by the men who are turning out to re-  
present their faculties and those sup-  
porting them. The different faculties ap-  
pear to have strong teams this year and  
there should be a keen contest for the  
league championship all the way  
through.

In connection with the practices and  
the games which open to-day, President  
T. R. M. McLogan wishes those con-  
cerned to take note of these rules.

1. Men playing must be in possession  
of A or B Category cards issued by the  
Dept. of Physical Education otherwise  
those men who play without being in  
possession of the cards are liable to sus-  
pension by the Athletic Association.

2. Those men who have not been ex-  
amined may present themselves at the  
Dept. of Physical Education any day,  
except Saturday, between 11.30 and 1.30  
o'clock.

3. Managers must present a list of all  
players participating in Inter-Faculty  
matches on the day previous to the game  
at the office of Dept. of Physical Educa-  
tion.

4. Each manager must take the atten-  
dance of all first and second year men  
at the practices, in order that these men  
may be given credit for their attendance  
at gym. classes.

5. Men playing on any one of the three  
regular University football squads are  
ineligible for Inter-Faculty football.

6. Each team must furnish for each  
game one timekeeper one linerman and  
one touch line judge.

## HARRIERS RUN GOES TO ARTS

**Egerton Romps Home First With Big Lead.**

By each twenty-four points in yesterday's Inter-faculty Harrier run Arts and Commerce, and Science showed that their powers in this art were about on par but after taking into consideration the fact that Norm Egerton, of Arts '23, was the first runner to complete the course, the decision was given to Arts and Commerce.

The run was scheduled to start at four o'clock from the Stadium and seventeen entries were received but unfortunately one or two of these were unable to compete, owing to important engagements. Prior to the start of the race the course, of approximately four miles, was carefully outlined to the various competitors in order that there would be no confusion and shortly after, Coach Van Wagner started the runners and the first real harrier run of the season was well under way. The runners followed the course till they reached the Serpentine, where they were checked off and started on the homeward journey. The race was keenly contested all the way and twenty-three minutes after the start the first runner, namely Egerton of Arts, crossed the finish line.

While Norm was completing his lap around the track, Bishop, Wade and Dempsey have in sight and an exciting struggle for second place commenced. The three runners came down the final hundred yards at a fast sprint, each using every ounce of energy. The first two, of the above mentioned runners, managed to draw away slightly from Dempsey and Bishop managed to cross the line about a foot ahead of Wade. After Dempsey, the other runners followed at various intervals but all managed to complete course. This is a very encouraging fact and should cause more runners to come out in the future. The names and the order of those who completed yesterday's course are as follows: Egerton, Bishop, Wade, Dempsey, Copeland, Gross, Antliff, Webster, Ogilvy, Girling, MacNaughton, Goldenberg, Champion. Everything considered the run was very encouraging but in order to make a good showing at the Intercollegiate Harrier meet at Kingston on November 4th every runner in the College is urged to turn out and do his bit to help the good work along. The reports from Toronto Varsity showed that their harriers are travelling in big packs and at top speed and there is no reason why the harriers of good Old McGill should not be doing the same thing. The ones that are already out are doing great work but there is still lots of room for many more ambitious runners and moreover the Harrier Club are making certain that they will be given plenty of chances to show what they are worth.

On Friday of this week a new experiment will be tried out, namely an inter-class run. This should prove very interesting in the McGill harrier world and it should also be a means of bringing out lots of new material. The course will be practically the same as was covered yesterday and all are asked to be ready to leave the Stadium at five o'clock sharp. All classes, with any backbone are asked to see that they have at least three representatives present to uphold their class honor and the executive of the club are looking for a record breaking run. Neither Egerton or Bishop will take part in this event as they are both competing in the C.P.R. Road Race on Saturday. Do not forget then, that all red blooded classes are expected to be represented in this novel and interesting event.

The final Inter-faculty race will be held on Wednesday next and the choice of the Intercollegiate team will depend on the showing of the entrants in this event. The course will cover a distance of about five miles and a half and the contestants will leave the Stadium at four o'clock. The McGill representatives for the Dunlop Road Race on October 29th, will be chosen from the results of this race.

It is also a welcome fact that the quarters at the Stadium will not be as crowded in the future, as the track men have about completed the season and in consequence it is stated that there will be plenty of lockers available.

Do not forget then, all runners, that it is up to you to uphold the honor of McGill in the harrier world and in order to do this, all are urged to be on hand for the big Interclass Harrier race, starting from the Stadium at five o'clock sharp on Friday.

## BASEBALL GAME ON CAMPUS YESTERDAY

**Med. '25 Indulged in Interesting Contest.**

Yesterday afternoon the members of Med. '25 staged a friendly baseball game between Montreal and Yanks vs. Ottawa and British Columbia. Members of the class belonging respectively to the above places, formed the opposing teams. The result of the game was a decisive victory for the Yanks and Montreal, the score being 34 to 9.

Previous to this game the Yanks and Montreal suffered defeat at the hands of the Ottawa and British Columbia men, and yesterday's game satisfied their desire for revenge. The rivalry is now intense, and several more games are to take place in the near future.

## MCGILL WON WATER POLO YESTERDAY

**Intermediate Team Defeated LaSalle.**

**2-0.**

**Players Displayed Good Form Throughout.**

The McGill intermediate water polo team opened the season last night with a clean cut Victory over La Salle. The game was played at the Ville Emard Baths. The La Salle team went down to defeat, fighting, and it was only by hard playing that McGill beat them.

Time after time McGill shot but Harrison in the La Salle goal was able to keep the score down. Then Vickerson caught a pass and shot the ball into the net. The play went in: Drummond of La Salle and Ross of McGill were able to struggle in the centre for the rest of the period, with little shooting.

The second period was another steady fight around the centre of the pool with a shot or two at both ends until the last few minutes of play. Giles of La Salle was injured and Vickerson taken out to win the rides when Ross and Gravel tried to score unsuccessfully because of the clever work of Harrison.

In the third quarter Brooks went in for Giles and Vickerson returned to the game. Both teams rallied but between the work of the defense and goals no score was made.

In the last period La Salle rushed the McGill goal. Munroe and Forsyth were kept busy for some time but finally McKenzie passed the ball into the centre and in a short time Ross was able to score. The game closed in a scrimmage near the La Salle goal.

The team deserves much credit for their defeat of the La Salle aggregation. The men showed that in the future they can put up a real game against any of the teams in the present League. There will be a practise to-day at the central Y. The entire squad is expected to turn out.

The lineup for last is as follows:  
La Salle McGill.  
Harrison G. McKenzie.  
Bowden Munroe.  
Urquart Forsyth.  
Drummond Ross.  
Turner Vickerson.  
Giles Gravel.  
Brooks.

## TRACK TEAM CONFIDENT OF VICTORY.

(Continued from Page 1.)

In the hurdles, though Carruthers of Varsity is the favorite. In the shot put and hammer, Foss, McClellan, and Kennedy will probably gather in most of the points while Gaboury and Foss are looking after the discuss on the High Jump. Foss and Kennedy who tied last year are favored to once more, take the lions share in this event; and in the broad jump Kennedy, Consiglio and Gaboury are entered.

It is predicted by many that Gaboury, who vaulted 11 ft. 1 in., to establish a new McGill record will very likely smash the intercollegiate mark. He has been training faithfully and deserves all the success with which he is meeting. Craik is also entered.

Our entries for the relay are, Johnson, Hay, Hamilton, Legg, Gammell and McNider and these men seem far superior to any of the other relay teams. This is more satisfying in view of the fact that this race is to count in points. All in all, prospects are bright and before tomorrow's sun has set we hope to have another championship added to our list.

The following are the list of entries and officials for the meet. All entries are in except those of Queens, who have not been able to pick their team yet on account of weather conditions, and football dates last week. The annual meeting of the C.I.T.U. will be held at the Queen's Gymnasium at 7 p.m. on October 20.

Lobo, the wolf, king of Arizona cow killers, is dead. After a long and successful career as a cattle bandit on the Arizona plains he was killed by a Government hunter who brought him down with one shot. He weighed seventy-eight pounds after the skin from the shoulders to the head had been removed and was the largest wolf ever seen on the plains.

For three years, according to reports received by the Department of Agriculture, Lobo took toll of pure bred Hereford stock near the town of Kingman, eluding all hunters and leading an apparently charmed life. Once over two weeks the bandit wolf went over his trail. On one ranch alone fifty-five white-faced yearlings had fallen victim within a year. Other ranchers told similar tales of Lobo's depredations. Wary of men the big fellow did not mind the near approach of an automobile containing the hunter and fell dead at the first crack of the rifle.

### MENTA-LHYGIENE

#### PEPYS AT MCGILL

Up betimes and to my college for the many discourses of the day, but found it hard to contain myself for thinking of the meeting of the Clerks' Guild or Society to which it is now my pride to belong.

About four of the clock I could contain myself no longer and betook myself to the meeting place, thinking it a shrewdness on my part to select a vantage-point in good time. Quite a full hour later and a few scholars entered in, seating themselves far behind me in the furthestmost of the benches. Again a little while and they began to hold argument with some who sat at a table concerning certain details of commerce, and the vast quantities of stone that had been crushed by they who play at football. I gave but little heed till one arose to hold parlance of a certain harpsichord that had in days past been used to beguile those who played at billiards, and of how now it had been removed onto the roof to keep it out of prying hands of the younger clerks. A great scandal and shamefulness I thought it, and so indeed it is. Then the few gathered there, then departing I made bold to ask of one when the Guild did intend to meet. But he looking at me a moment slyly burst out laughing in my face so that I called him an ill-mannered oaf for his for his pains and made off, much perturbed at the poor account my fellow-clerks had rendered of themselves.

Mine hostess of the lodgings where I am now forced to dwell now lays plaint against the quantity of the heated water I use for my mulled wine at night. Truly a most unruly woman, and quite imbued with the democratic spirit of these times. She said no heed when I related to her yestereve the seven quarterings of the Pepys family, that came out of Norfolk.

There is no disease in existence that is as contagious as our moods. They are more catching than the flu. The time will come when we will be careful enough to pay as much attention to mental hygiene as we now do to physical hygiene. Then, when we perceive that we are suffering from a grumpy, grouchy feeling, accompanied by a dark brown pessimistic taste and other such symptoms, we shall be humane enough to quarantine ourselves in our rooms and hang out a sign on our door to warn other people away till the attack is over and the danger of infection past.

None of us are immune to the moods of those about us. We start out in the morning feeling well and cheerful and convinced that this is a wonderful world to live in.

Then we meet two or three people who tell us that they think it is going to storm, or that diphtheria is spreading fast, and unconsciously, we begin to feel cooler and our throats feel just a little sore. Then another friend comes along afflicted with the worst of the many varieties of "blues." Before we know it our mouths sag at the corners.

Then comes along the pessimist who passes on to us great clouds of gloom, the country's going to the dogs, the old school isn't what it used to be. The Professor are all hard-boiled, all men are crooks and all women are liars, everything's rotten! And before we leave them we are ready to second everything said.

Or the reverse of this may happen. We start the day feeling half sick, worried and depressed. We are thrown with people who radiate health and pep, and good cheer. Immediately we buck up and soon find ourselves telling a funny story instead of going to the doctor or shedding tears of self-pity in our handkerchiefs.

For cheerfulness is just as contagious as the Blues!
